NATCHEZ, Miss., April 20.—The first break on the Concordia parish front ocenrred on Sunday morning last when the Glasseock levee gave way. This territory in different directions and levee is located about 28 miles below Natchez and is near the lower end of the levee system of the parish. It is an old levee and has received no attention since 1891. There was a large force of men at work on it Sunday morning ralsing and strengthening it. were working their way to the lower end of it when suddenly the laborers saw the muddy water begin to bubble up at the lower end and in less time than it takes to tell it, the seething water tore a great hole through it.

After the break started it was impossible to stop it and work on the embankment was at once stopped. The water rushed through at a grent rate and began spreading out in the low-lands adjacent. The cutastrophe was not unexpected and its disastrons effects were in a measure discounted by reason of all the stock and other perishable property having been removed.

The water from this break will innadate the lower part of the parish from Moorville down to Brabston, covering a Cretan waters, has received notice from number of fine plantations, but it was expected that most of this section would go under anyhow from the overflow that will take place in Black river from the Biggs crevasse below Delta. It will entail a vust amount of suffering of the people of the neighborhood and relief will have to be extended to them. This levee was 12 feet in height, and when the crevasse occurred the water on the front was between 10 and 11 feet high against it and four feet on the back, while the full of the water running through it is from six to seven feet. The break is near the old Bougere erevasse, through which the river has been running, and the waters of the two will mingle.

Cuptain Derby, the United States engineer in charge of this district, and Assistant Engineer Hardy have gone down to the break, earrying 50 men with them for the purpose of trying to "tie" the ends of the break. The crevasse is reported to be from 800 to 1,000 eet wide and still eaving.

MANNEN MOVES UP.

An Ex-Maysvilllan Accepts an Important Position With the Fireman's Fund Company.

[Superior, Wle., Signal, April 12.] Frank A. Mannen, one of the best known young business men of this city, has severed his connection with the Insurance firm of Fowler & Manuen and accepted the responsible position of special agent for the territory of Minnesota and North and South Dakota, for the Fireman's Fund Insurance Company of California. Mr. Mannen will leave on Wednesday for Minneapolls, which will be his headquarters, to assume the duties of his position. Ho will have under his direction about 150 agents and has general supervision of the company's business.

Mr. Mannen came 'to Superior in March, 1890, and engaged in the real estate and mortgage loan business, in which he was quite successful. In the spring of 1893, when E. C. Kennedy was elected Mayor, he appointed Mr. Mannen, one of the prominent Democrats of tho city, as City Clerk. This office Mr. Mannen filled with credit until the following March, when he resigned and was appointed to the office of Member of Board of Public Works, also by Mayor Kennedy, to fill the unoxpired term of William Noonan.

His tenure of office in this capacity expired last spring and he went into the insurance business, Fowler & Mannen succeeding the firm of Fowler & Russell. While here he has been prominently identified with many business interests. For four years he was a member of the freezing this morning, and early frui s Board of Directors of the Northwestern and vegetation were no doubt injured National Bank, which position he resigned last September. He was prominent in club circles, being identified with the Superior Boat Club, the Superior Rod and Gun Club, and with the Superior Cycle Club and other organizations.

Mr. Mannen's business qualifications won him the confidence of large interests and his appointment to the position of general agent of the Firemen's Fund Company is a recognition of merit. Mr. Mannen's family will remain here untii some time during the summer when they will remove to Minneapolis.

CINCINNATI TOBACCO MARKET.

Moderate Offerings Last Week And The Market Has Been Some Stronger.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

With moderate offerings the past week the market has been some stronger on nearly all grades, and seilers have accepted liberally. Old tobaeco continued firm, and, while the offerings of new tobaceo continue to consist of the inferior grades, buyers still bid liberally upon the old, and it looks favorable for sellers to dispose of their holding at fair prices. The shipments are not large at present, as the season between the winter and summer order always holds back receipts, and it is a good opportunity for those having tobacco in the market to make good

There is considerable discussion about the quantity of good tobaceo in the new erop, as the shipments up to the present time have been largely of the inferior grades, but, if our buyers In the country are not deceived, there will be a large quantity of the better grades, as several do not hesitate to say they never handled any better tobacco than they now have on hand, which we hope is a fact, as the large quantity of low grades on hand will make no scarcity of these grades in the market, and to improve our market to any extent we must have some better tobaceo.

The demand for good red tips and mediums itus been noticeable this week, and prices are higher and the bldding on the best grades is very active. We think we can quote an advance in the market of from 1/2c, to 2c, on the different grades, and a strong competition. Some of the early shipments are becoming very warm and will soon damage unless rehandled, and we wish to eall the holders' attention to this fact.

We do not look for heavy sales until the first of May, and, therefore, may expect a good, strong market until that time.

SESSION OF THE SENATE.

The Indian Appropriation Bill Passed Almost as It Came From the House.

WASHINGTON, April 20 .- The senate passed the Indian appropriation bill yesterday. It is substantially the same as it passed the house, and can occasion little division save on the amendment opening the Uncompangre Indian reservation.

Resolutions of inquiry were agreed to asking the secretary of state as to the operation of the reciprocity treaty made under the McKinley net.

Mr. Vest introduced his resolution deelaring illegal the recent order of the secretary of the treasury relative to imports arriving after April 1. The senator gave notice of pressing the resolution and it may afford another test on the tarriff.

The Rev. Hugh Johnson, in his opening prayer, invoked divine blessing on those nations struggling for civil and religious liberty and prayed for the speedy termination of all wars. Horeferred also to the suffering along the Mississippi river.

At 1:50 p. m., on motion of Mr. Davis, the senate went into executivo session on the arbitration treaty, and at 2:15 adjourned us a mark of respect to Representative Milliken, deceased.

BASE BALL SEASON OPENED.

The Philadelphias (to to Boston and Defeat the Home Club.

Boston, April 20.—The Phillies came to Boston yesterday and played the first league game of the season, defeating the home team by one run, in an exciting finish. The visitors played better ball than they did last year, and deserved to win. About 14,500 people crowded into the cramped grounds, several hundred not being able to obtain seats. The first half of the came was a battle between Orth and Nichols. The former was practically invincible until the last inning, when the local players fell on him and almost tied the score. Nichols was hit safely in the fifth, when the Quakers were able to score twice, and again in the ninth, when they really won the game. Both pitchers were well supported generally. Philadelphia, April 20.-A specia dispatch to The Evening Telegraph from Harrisburg, Pa., says that James B. Gentry, the murderer of Madge Yorke, has received a reprieve from the board of pardons.

Fostoria, O., April 20.-Mrs. J. Zies was fitally burned at 7 o'clock yesterday morning while kindling a fire in the base burner with gasoline, mistaking it for coal oil. Her clothing was burned from her body, and she was burned from the knees up. She can not live. Mrs. Zies was alone in the house, but her cries soon brought assistance. She was 35 years old and has no children.

ONE GREAT DISCOVERY

Follows Another. Read and Keep Posted.

The advance in medical science is greater than in any other branch. The discovery of the X rays and the finding of malaria in the blood by analysis are the most recent discoveries, but not the greatest by any means. The discovery of a remedy or predicine that will instantly bring relief to almost any form of disease we think is beyond conception. A remedy that does not require hours and hours of patience and pain before relief comes has been discovered. Pooh! you say. Would you have believed a few years ago that the telephone is such a great invention as it is? Just so it is with the great discovery of Lightning Hot Drops, a remedy that stands to-day without an equal, without a parailel for the cure of all stomach and bowel troubles, caused by over-eating, indigestion, dyspepsia. Relief comes so quickly you will be astonished, and the fact that it leaves no bad results is the beauty of it. The action of Lightning Hot Drops is marveious, yet harmless, and you will be surprised to know how many different kinds of allments you will find it good for, and if you once use it you will have an occasion to keep a cupboard full of different kinds of bottles, for Lightning for Drops will do the work of plasters, dills, olnuments, tonics, etc., and save ou lors of money, for it costs only 25c, and the 50c size holds 21/2 times as much as the 25c size, and it is sold with the positive understanding that if it gives no relief your druggist will give your money back. Made by Herb Medicine Co. only, Springfield, O.

Bitten by a Polceat.

St. Croix, Ind., April 20 .- Logan Duffey, 16 years old, is suffering indoscribable agonies from the effects of a bite received from a polecat, last Friday night. The boy eaught the cat while in the act of robbing the poultry house on the night named, and, being cramped for room to act and having no weapon, he was almost compelled to seizo it. During the scuffle which followed he was bitten on both arms and face. His body is swollen and his flesh is almost black. The attending physicians have little hope of his recovery.

A Case of Blood Poisoning.

PORTLAND, Ind., April 20.-A few days ago James Powell of this city necidentally scratched his hand and placed over the sore a small piece of porous plaster. The small hurt has caused blood poisoning, and the word reaches here from Alexandria, where Mr. Powell went on a visit, that he is very near death's door, and will not recover. Mr. Fowell is one of Indiana's giants, as he weighs close to 400 pounds. He is widey known.

Struck For Higher Wages.

TERRE HAUTE, Ind., April 20.-The shovelers and teamsters employed on the city street improvement and sewer work struck yesterday for higher wages.
